# ST CLEER PARISH COUNCIL Policy for management of Clerk Absence

#### 1. Background

Absence of the clerk may be due to illness / crisis, working part tine, or taking annual leave

#### 2. Illness / Crisis

Whilst absence is avoided at all costs—There are times, such as illness or external crisis, that means at short order Parish must arrange for Clerk cover for an indeterminate period of time.

It may be that a Councillor is content to step forward on a voluntary basis to undertake the role, but this effective power imbalance in the medium or longer term is not desirous for any parish.

#### **Process**

There are both core functions (defined as mission critical):

- Meeting Agendas and Minutes
- Planning
- Precept and AGAR
- Payment of Salaries, NEST and HMRC
- Urgent commissioning (e.g. repairs)
- Payment for contractors not covered by banking arrangements

And secondary functions (defined as possible to delay):

- Actions from the meetings which require interventions
- ITTs, commissioning
- Reports and routine maintenance
- Policy and procedural development or compliance (eg audit work)

#### **Council can manage themselves**

The following functions can be managed viz:

Meeting Agendas and Minutes	Informally by a Councillor / Chair (or digital recording	
	of the meetings) as long as the 3 day period is	
	managed for the summons	
Planning	This can be agreed with Cornwall Planning	
Precept and AGAR	Needs input from a third party	
Payment of Salaries, NEST and HMRC	Whyfield accountant handles PAYE, Salaries to be	
	paid online by a Unity Signatory	
Urgent commissioning (eg repairs)	If the meeting gives precise delegated authority to an	
	individual councillor to act in the voluntary place of	
	clerk this is acceptable	
Actions from the meetings which require	If the meeting gives precise delegated authority to an	
interventions	individual councillor to act in the voluntary place of	
	clerk this is acceptable	
ITTs, commissioning	Needs input from a third party	

Reports and routine maintenance	Can be pended
Policy and procedural development or	Can be pended
